
Abbey Allen

Web Design and Development Student

Pinson, Tn

(731) 431-1931

ala8887@chestercountyschools.org

I am a sophomore at Chester County High School currently pursuing my education in the medical field and plan on applying my knowledge in Information Technology and Web Design toward new technological advances in medicine. I am a very critical thinker and have something that many people lack, which is common sense. I am a diligent worker and really see the value in teamwork and bringing new ideas together.
